MAKIN LABORATORIES

Our Services

Custom Formulation & CDMO

Mechanism-based development from concept to commercial launch.

Contract Manufacturing

WHO-GMP certified, cGMP-compliant, third-party tested manufacturing.

White Label & Private Label

Launch faster with access to existing formulation portfolio.

IP Licensing

License our PCT-filed proprietary formulations for exclusive regional rights.

Protected Innovation

Our patent portfolio represents novel approaches to complex therapeutic areas:

Ostizeel™ - Joint Health

CephaMig™ - Neurological Support
(PCT Filed)

PEAvision™ - Eye Health

(PCT Filed)

Each formulation combines botanical intelligence with pharmaceutical precision and is protected by intellectual property rights.
